Quilting, Patchwork & Appliqué

Picture Patchwork

15 Charted Patterns for Novelty Quilts *Jo Ann Lepore*

Picture Patchwork includes 15 charted patterns, also known as pixel or grid quilting, including a single heart, swan, Christmas tree, potted flower and butterfly pattern. All the designs can be made with the traditional nine-patch block, one of the first and easiest blocks that novice quilters master. By following the colour and placement charts using nine patches of varying sizes, quilters can take a pixelated approach to create their own unique novelty quilts. Nothing will keep quilters of all skill levels from tackling any of these designs, and they can even sprinkle in some additional block designs within their nine-patch grids. Depending on the fabric a quilter chooses, these charted designs can take on a modern spin or a traditional one. The author also offers professional advice on choosing tools, fabrics and other materials. Quilters will love this super approachable guide to creating beautiful, pieced quilts.

Let's Quilt: The Theory of Walking Foot Quilting

Deborah Louie

Join Deborah Louie in her Sydney studio as she demonstrates step-by-step how to quilt your own quilts using the walking foot on your domestic sewing machine. All techniques are demonstrated on the author's It's Cool To Be Square quilt so you can follow along in exactly the same way that she prepares all of her quilts. You will learn about preparing the fabric, piecing, threads, battings, machine set-up, sandwiching the quilt, walking foot quilting, decorative stitch quilting, stabilisation, stitch-in-the-ditch quilting, speciality threads quilting and stopping and starting techniques. Then to finish, you will learn the all-important theory of how to quilt efficiently on a domestic sewing machine. A gallery of quilts illustrates the different techniques.
